

This is a Petition for the Denial of Application CAR16-00002, PUD16-00005 and Sub16-00006

This petition is signed from residents of East Valley Subdivision, adjacent to the application

We are requesting denial of this application based on the following concerns:

1. Need to preserve access to greenbelt for the adjacent residents and the general public.
2. Need to protect our commercial corridors, with all the growth in the area, we are in need of walkable commercial areas.
3. The project is too dense and the proposed three story buildings are too massive. Concern with loss of privacy.
4. How will this development impact the Barber Valley, in particular the Barber Pool Conservation Area and the Wildlife it protects?
5. Too many unresolved questions

Attendee:
