- D. Conditional Use Number:
- E. Zoning Certificate Number:
- F. Other:

9. Project Value (Market value less land & real estate fees): \$279800.00

Wall Bracing Compliance

All hillside projects shall demonstrate code compliance for wall bracing on the plans as designed by an Idaho licensed engineer.

Your development activity may be exempt from City impact fees.

If you believe your project qualifies, please complete the exemption application. Your application is subject to review by the Impact Fee Administrator and requires sufficient supporting documentation.

For more information:

Would you like to file a request for the City Impact Fee exemption?

- ☒ **No - City Impact Fees will be applied**
- ☐ **Yes - Complete the section that below and include/upload any supporting documents**

Development Impact Fees Exemptions Request

"Development Impact Fee Ordinance," Per Boise City Code: "Exemptions"

IMPORTANT: The developer must apply for impact fee exemption at the time of application for a building permit. Any exemption not claimed prior to the issuance of a building permit shall be deemed waived by the fee payer.

Exemptions -Standard:

- ☐ Rebuilding the same amount of floor space of a structure destroyed by fire or other catastrophe, provided the structure is rebuilt and ready for occupancy within two (2) years of destruction;
- ☐ Remodeling or repairing a structure which does not increase the number of square footage or residential units;
- ☐ Replacing a residential unit, including a manufactured home, with another residential unit on the same lot, provided the number of residential units does not increase;
- ☐ Placing a temporary construction trailer or office on a lot;
- ☐ Constructing an addition on a residential structure which does not increase the number of residential units;
- ☐ Adding uses that are typically accessory to residential uses, such as tennis courts or clubhouses, unless it can be clearly demonstrated that the use creates a significant impact on the infrastructure capacity of the Parks & Recreation, Fire, and Police Departments;

Applicant's added comments:

Your exemption will be reviewed by the impact fee administrator within 24 hours and a determination made no longer then seven (7) working days from date of application; provided sufficient supporting documentation has been provided.

Energy Code Compliance

Plans must be submitted demonstrating either the Prescriptive Approach or the Performance Method approach for energy code compliance. In marking the option below, and with all information attached to the plans, in signing this application, I declare that I am the permit applicant/builder and that construction of the dwelling will be in compliance with all energy standards as adopted by Boise City.

- ☐ **Option 1: ResCheck**
A copy of the ResCheck compliance report is attached to the plans. (This includes both the cover sheet and the inspection checklist.)
- ☒ **Option 2: Prescriptive Component Approach**

Erosion & Sediment Control

1.	Project Type:	<input type="text" value="Foothills/Hillside Lot"/>
2.	Approximate Acres Disturbed:	<input type="text" value=".3"/>
Note: Single Family/Duplex/Townhouse must list within .10 acres; all others must list within .25 acres.		
3.	Responsible Person (RP):	
	First Name:	<input type="text" value="RON"/>
	Last Name:	<input type="text" value="BECKMAN"/>
	RP License Number:	<input type="text" value="CON18-00118"/>

Contractor Registration Declaration Form

As of January 1, 2006, Planning & Development Services requires a registration number be supplied with the permit application. Check for more information.

I certify: is my **Contractor Registration Number** issued by the State of Idaho as required by Chapter 52, Title 54 of the Idaho State Code and that such registration is current as of today.

☐ I am not providing a Contractor Registration Number because I am exempt per Idaho State Code 54-5205.

Required Documentation and Drawings

See the Hillside New Residential Submittal checklist for details.
Staff will perform an over-the-counter review for completeness prior to accepting the application.

Additional Required Permits

Removing an existing structure requires a separate demolition permit. Call 208-608-7070 for more information.
Trade permits for mechanical, plumbing and electrical work are obtained separately.
Any fencing requires a separate fence permit from the Planning Division. Fencing over 6' in height requires a building permit.

The undersigned declares that the above provided information is true and accurate.

The undersigned acknowledges that failure to provide true and accurate information may result in rejection of this application, possible revocation of the permit where wrongfully issued and subject the undersigned any applicable civil and/or criminal penalties.
