## A. PUBLIC Street Layout Review

The impacts of proposed development on adjacent land uses and transportation facilities must be considered. A "Traffic Impact Study" (TIS) will be generally required by the Ada County Highway District, if the proposed development contains no more than 100 dwelling units (includes hotels and motels as well as private dwelling units), more than 30,000 square feet of commercial use, or more than 50,000 square feet of industrial or institutional use, or has associated it with special circumstances deemed by ACHD to warrant an impact study. A copy of this study must be submitted with this application.
