A. Land Use Zone:

(P-C) Pedestrian Commercial

B. Design Review Number:

C. Conditional Use Number:

PUD19-00045

D. Zoning Certificate Number:

E. Other:

4. Building Information

A. Existing Use:

Residence

B. Proposed Use:

Retail

C. Occupancy Groups:

M S1

D. Construction Type:

(IBC/IRC) VB

E. What floor is the tenant improvement located on?

first

F. Existing occupant load:

7

G. Proposed occupant load:

25

H. Was a preliminary plan review conducted?

Yes No

Plans Examiner: Michael Hansen

I. Square footage of the original tenant space:

1580

J. Are you adding new/additional square footage?

Yes No

Total amount of new square footage:

Are you creating new residential units? Yes No

How many residential units?

Are you creating Assisted Living Units? Yes No

Your development activity may be exempt from City impact fees.

Type of Development?

Retail

Please provide brief description of intended use:

Women's clothing and accessories shop

Would you like to file a request for the City Impact Fee exemption?

- No - City Impact Fees will be applied**
- Yes - Complete the section that below and include/upload any supporting documents**

Development Impact Fees Exemptions Request

"Development Impact Fee Ordinance," Per Boise City Code: "Exemptions"

IMPORTANT: The developer must apply for impact fee exemption at the time of application for a building permit. Any exemption not claimed prior to the issuance of a building permit shall be deemed waived by the fee payer.

Exemptions -Standard:

- Rebuilding the same amount of floor space of a structure destroyed by fire or other catastrophe, provided the structure is rebuilt and ready for occupancy within two (2) years of destruction;
- Remodeling or repairing a structure which does not increase the number of square footage or residential units;
- Replacing a residential unit, including a manufactured home, with another residential unit on the same lot, provided the number of residential units does not increase;
- Placing a temporary construction trailer or office on a lot;
- Constructing an addition on a residential structure which does not increase the number of residential units;
- Adding uses that are typically accessory to residential uses, such as tennis courts or clubhouses, unless it can be clearly demonstrated that the use creates a significant impact on the infrastructure capacity of the Parks & Recreation, Fire, and Police Departments;

Applicant's added comments:

Your exemption will be reviewed by the impact fee administrator within 24 hours and a determination made no longer than seven (7) working days from date of application; provided sufficient supporting documentation has been provided.

Erosion & Sediment Control

The work performed under a tenant improvement permit is subject to construction site erosion and sediment control requirements per Boise City Code.

1. If your project meets any of the criteria below, an Erosion and Sediment Control permit is required:

- Exterior work is involved
- Removal of more than 115 square feet of interior ground floor or basement
- Placement of more than 115 square feet of concrete in the interior
- Work involving more than 40 linear feet of trench for saw cutting of an existing interior concrete slab for new underground piping

2. **Area Disturbed (must list within 0.25 acres):**

Note: Area disturbed is the total area impacted by human induced change to improved or unimproved land.

8450

square feet = 0.19 acres

The following items require approval by PDS Erosion and Sediment Control

Permit Variance Waiver Request

Plan Waiver Request for Erosion & Sediment Control Plan requirement

Energy Efficiency Incentive Programs

Your project may qualify for an energy efficiency incentive program from Idaho Power. For more information visit their website: idahopower.com/EnergyEfficiency/ To find a customer service rep for your area: Call their Customer Service Center at (208) 388-2860

Required Documentation and Drawings

See the Major Tenant Improvement Submittal Checklist for details. Staff will perform a review for completeness prior to accepting Major Tenant Improvement applications.

Additional Required Permits

An erosion and sediment control permit may be required, depending on the scope of project. Trade permits for mechanical, plumbing and electrical work are obtained separately, if applicable. Fire alarm and fire sprinkler permits are obtained separately, if applicable.

WARNING: Renovation, repair and painting projects that disturb lead-based paint in pre 1978 homes, childcare facilities and schools must be performed by an EPA Certified Renovator and specific work practices must be implemented to prevent lead contamination. For more information please call 1-800-424-LEAD [5323] or see www.epa.gov/lead/pubs/renovation.htm.

The undersigned declares that the above provided information is true and accurate. The undersigned acknowledges that failure to provide true and accurate information may result in rejection of this application, possible revocation of the permit where wrongfully issued and subject the undersigned any applicable civil and/or criminal penalties.
