It appears we can move the Council hearing to March 8th, and the Design Review to the 9th. Is that acceptable to you?

Thanks,
Cody

Thanks David. It is awful indeed. If we can reschedule it so they are on consecutive days like we had this week it would be great. Thx.

Is there any way that you can push our project to the next hearing as I was planning to attend. I apologize for the inconvenience but am in pretty bad shape. Thanks.
