To Whom It May Concern:

The above-mentioned properties are within the West Boise Sewer District (WBSD) boundaries. Currently, our records indicate that the existing buildings are connected to the District's sanitary sewer system. This project can be served provided all regulations and specifications have met the District's approval and all required fees have been paid.

Detailed plans need to be submitted to West Boise Sewer District showing all plumbing demolitions and additions proposed to calculate the additional sewer connection fees, if any.

Cordially,

Mary Buersmeyer
